

Natural High Contest

Sponsored by the Sundt Memorial Foundation,

NaturalHigh.org is currently accepting applications through

March 31 for its Natural High Contest. Youth ages 10-18

are invited to share how a natural high keeps them drug free

for the chance to win \$250. Choose one of the following

five ways through which to showcase your natural high:

video/broadcast, poster art, writing/journalistic,

performance, or presentation. There will be two judging levels

based on grade level — the first is for middle school students

(grades 5-8) and the second is for high school students

(grades 9-12). One \$250 Natural High Scholarship will be

awarded per entry category, per judging level. Winners

will be announced in April. For complete entry details

please visit the Web site. (www.naturalhigh.org)
