Timmy Curran

SUNSET SPLASH

The Sundt Memorial Foundation presents its annual Sunset Splash Gala on Friday, October 22, at the Scripps Seaside Forum. *Ranch @ Coast* is honored to help support this year's event, which will honor professional surfer and musician Timmy Curran and the organization's Natural High film director Josh Landan, producer of *Flow* and *The Union Express*. The evening will also celebrate a few students and a special educator for the work he does to ensure kids identify and connect with their natural high. One-hundred percent of the funds raised that night will go directly to support the foundation's goal of reaching 10 million kids with the natural high message of saying "yes" to a natural high and "no" to drugs and alcohol.
